RESOLUTION OPPOSING MISSOURI AMENDMENT 6
October 3, 2026

WHEREAS, the St Charles County Republican Central Committee (SCCRCC) is committed to preserving representative government, constitutional government, and the proper separation of powers among the people, the General Assembly, and the courts; and

WHEREAS, Amendment 6 will appear on the November 3, 2026, General Election ballot as a proposed amendment to the Missouri Constitution; and

WHEREAS, Amendment 6 will strip the Missouri General Assembly of its legislative autonomy and place undue and burdensome restrictions on legislative power which it has enjoyed for over two centuries; and

WHEREAS, the SCCRCC recognizes that the Missouri Constitution establishes separate and distinct roles for the people, the legislature, and the judiciary, and that changes to the constitutional balance among these institutions should be approached with particular care; and

WHEREAS, requiring an 80% vote of both chambers of the General Assembly before elected representatives may amend or repeal certain laws enacted through the initiative process would establish a substantially different threshold for legislative action than the ordinary legislative process, disrupting the legislative process and creating a virtual impossibility to amend these laws; and

WHEREAS, Amendment 6 would place additional constitutional restrictions upon future General Assemblies, including restrictions concerning laws enacted through the initiative process and laws similar to those previously rejected by referendum; and

WHEREAS, the SCCRCC believes that elected members of the General Assembly should retain the ability, through the ordinary constitutional legislative process, to amend, repeal, clarify, or otherwise address statutes enacted through citizen initiatives when circumstances, evidence, or the needs of the State warrant legislative action; and

WHEREAS, the SCCRCC further believes that constitutional amendments should preserve rather than unnecessarily restrict the ability of elected representatives to respond to changing circumstances and the legitimate needs of Missouri citizens; and

WHEREAS, the official ballot language states that a “no” vote on Amendment 6 would leave the current constitutional provisions governing initiative and referendum in place; and
